Inžinjeri za projektovanje i izgradnju industrijskih objekata
Engineering for design and construction of industrial plants

QUALITY AND HSE POLICY

Petrolinvest d.d. Sarajevo, part of Technip Group, was established in 1969. It provides Conceptual Design Studies, Basic Engineering, Detailed Engineering, Procurement, Construction & Installation Services in oil, gas, and petrochemical industry.

The fundamental principle of the Quality and HSE Policy of Petrolinvest is to achieve the highest level of partners' satisfaction, and in particular satisfaction of our clients, shareholders and employees.

The following quality, environment, health and safety objectives are established by Petrolinvest's management team:

- **Compliance with expressed requirements of our customers and clients,**
- **Compliance with all applicable laws, rules, and regulations,**
- **Complete satisfaction of our customers and clients,**
- **Continuous development and improvement of our products and services and business systems,**
- **Continuous improvement of Process and HSE Management Systems with special emphasize on processes related to contract realization,**
- **Create and sustain an incident-free environment delivering excellent HSE performance at every level,**
- **Continuous improvement of employees' knowledge about the importance of environment, health and safety protection and preservation,**
- **To save resources and energy, reduce or eliminate the use of harmful substances and treat waste in a controlled manner,**
- **Motivation and encouragement of all employees to accept their responsibilities and actively participate in implementation of this Quality and HSE Policy.**

These objectives will be achieved by the revision of a quality management system to meet ISO 9001:2008 requirements, the revision of environment management system to meet ISO 14001:2004 requirements and health and safety protection to meet OHSAS 18001:2007 requirements. Quality, environment, health and safety protection system is consistent with Petrolinvest's needs to improve competitiveness, expand into new markets, and reach profitability.

Quality and HSE Management System is applicable to all Petrolinvest's activities and project sites, and it requires a complete motivation and commitment of all employees to

DO IT RIGHT THE FIRST TIME - ALWAYS.

This statement is communicated to all employees and is displayed in prominent positions within Petrolinvest's premises and sites as a reminder and for implementation.

Sarajevo, 20.03.2015.

Mustafa Čerimagić, Managing Director
